

# Audiology for Children

Helping with hearing and listening.

Care is tailored to suit the needs of each child and their family situation. Parents and families are involved in every step along the way.

We provide comprehensive hearing assessments, and advice regarding management of any hearing loss. Our experienced audiologist works with children from nine months upwards.

---

## **We offer a number of services, including:**

- Hearing assessments
- Management of hearing problems
- Auditory processing assessments
- Ear wax removal
- Development of swim and other ear plugs
- Supplier of noise protection
- Hearing assessments prior to starting school
- Hearing assessments prior to seeing a paediatrician (which is a requirement)
- Visual reinforcement audiometry for children nine months to approximately two and half years old
- Play audiometry for children two and half years old to around six years old
- Audiometry for children over six
- Tinnitus and hyperacusis management, and
- Specialised testing for children with global development delay and autism spectrum disorder.

Reports are included with every assessment.

## Our fees

We offer subsidised and fee-for-service health care with private health insurance rebates available. The cost of services depends on your income level and we will help you access funding you are eligible for. We support National Disability Insurance Scheme (NDIS) clients.

Ask us how we can help you.

## About us

We are a quality, not-for-profit, accredited health and community service providing doctors, dentists, allied health, counselling, alcohol and drug, child and family services and social support programs. We offer services for all ages and work as a team to support you.
