

Building healthier lives together with our communities and delivering excellent health services for all.

Podiatrists are foot health professionals and experts who assess, diagnose and manage foot conditions.

Good foot health is important for people of all ages.

Podiatrists at Access Health and Community (AccessHC) manage a range of foot and lower limb conditions ranging from reducing nails, calluses and corns, to biomechanical assessments.

We aim to promote independence through education and self-care.

Our Podiatry services

At AccessHC, we offer a large podiatry service and provide a range of services including:

- General foot-care (nails, corns, calluses)
- Lower limb and foot pain
- Diabetes and vascular foot assessment
- Biomechanical assessment (assess the way you walk)
- Orthotics
- Footwear assessment and advice
- Nail surgery.

Our podiatrists can also treat or advise you on many conditions affecting your feet including:

- Ageing feet
- Arthritis (Osteo, Rheumatoid and Gout)
- Athlete's Foot
- Blisters
- Bunions
- Chilblains
- Children's feet
- Diabetes (foot related)
- Fungal infections
- Heel pain
- Insoles (orthotics)
- Ingrown toenails
- Sports podiatry
- Surgery
- Toe deformities
- Verrucae/Warts
- Walking and hiking
- Wound care.

Our podiatrists are also available for foot care and footwear talks to local community groups.

Our fees

We offer subsidised and fee-for-service health care with private health insurance rebates available. The cost of services depends on your income level and we will help you access funding you are eligible for. We support My Aged Care and National Disability Insurance Scheme (NDIS) clients.

Ask us how we can help you.

Appointments and Referrals
