

We want to understand what health support you and your community need

We are especially interested in your thoughts about a possible health service.

This service would involve university students, supervised by professionals, working together with your health service and Australian Catholic University. Australian Catholic University (ACU), Access Health and Community, cohealth, and North Richmond Community Health are working together on this research study.

YOU CAN JOIN IF YOU:

1. Are 18 years old or older
2. Live in the City of Yarra and experience any of the below:
 - living in community housing
 - living in public housing (including if you have recently relocated through the public housing redevelopment process)
 - at risk of homelessness or housing instability, living in rooming houses or other insecure accommodation arrangements
 - sleeping rough or experiencing homelessness
 - living in supported residential services (SRSs)
 - staying in a refuge
 - CALD (culturally and linguistically diverse) community members, including residents from Vietnamese, Mandarin-speaking, Oromo-speaking, Hakka-speaking and other multicultural communities
 - refugees and people seeking asylum
 - experiencing financial hardship or food insecurity
 - have a disability or accessibility support needs
 - experiencing mental health challenges or reduced social supports

WHAT WILL HAPPEN?

- You will join a small group discussion
- The discussion will be friendly and respectful
- You can speak as much or as little as you like
- You can stop at any time

Morning or afternoon tea will be provided. As a thank you for your participation and time, you will be provided with a gift voucher.
