

# THE OTHER SIDE OF THE MOUNTAIN

## STORIES AND WORDS BY CARERS

This beautiful collection of stories and words by carers was inspired by the need for carers to come together and share their stories through the joyful process of creative writing. Carers can often find themselves feeling invisible and powerless, yet the selfless work they do is well recognised as contributing to the good outcomes and wellbeing of their loved ones. The pieces in this anthology therefore celebrate and acknowledge the person behind the carer role – stories of love and hope, of future ambitions, of grief and despair.
